

## Booking conditions

Information on the conclusion of contracts:

You can send your booking request to Hotel Falken here. Once we have received your booking request, we will check whether the rooms you require are available. During this time, this request is considered binding for you. We will confirm your booking request immediately by electronic means. Please note that your booking request and our confirmation of receipt do not constitute a confirmed room booking. Our booking confirmation, which you will receive separately, constitutes an accommodation contract. If a room booking is not possible, you will be informed of this immediately. Your booking request and our booking confirmation will be stored by us. Once you have completed the form, you will be given a further opportunity to check your details before you submit the final booking request. Please follow the instructions on your computer screen.
